

JUNE 2022

**ALAN T. CARR**

QUALITY BATHROOMS SINCE 1972

# WELCOME

In April 1972, a bathroom retailer became frustrated with his current suppliers offering poor service with even poorer products. At the opening of his new Bathroom Distribution business, Alan T. Carr made a pledge to himself, and to his industry.

**“I will offer the highest quality products possible, at an affordable price with outstanding customer service.”**

With this declaration as the foundation of our company, it is at the heart of our reputation. Fast forward 5 decades and even though the bathroom has changed from a small room in which to wash, to a modern living space renowned for luxury, our core principles have not.

We believe that your experience of choosing a new bathroom should be as rewarding as taking that first hot shower. With this philosophy at the forefront of our minds, we've created this new look brochure showcasing many quality products with cutting edge designs to suit all desires.

Prices are inclusive of VAT. We reserve the right to modify specifications and prices without prior notice.

Images are for brochure purposes only.

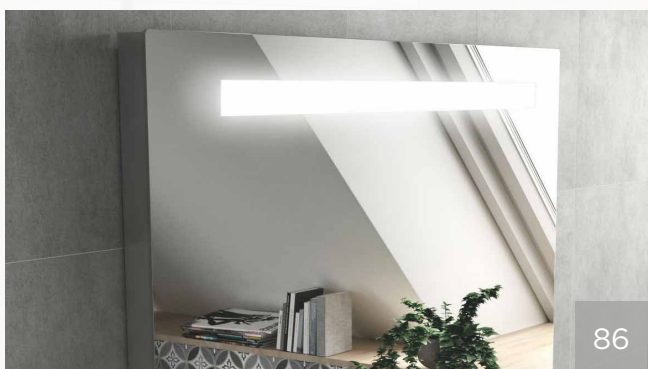

Colours represented in this brochure are as accurate as the printing process allows.

WALL PANELS

# **FURNITURE & SANITARYWARE**

Without doubt, the biggest shift in bathroom design over the past decade has been the introduction of furniture both in an aesthetical and practical sense.

By working closely with our manufacturers, we have developed a cutting edge, designer range of units and accessories that look amazing without compromising quality or functionality.

With many ranges incorporating matching sanitaryware, you can create your new bathroom with ease and confidence.

We have built our sanitaryware collection to a point where every need is taken care of; back to wall and wall hung pans now feature prominently throughout as the trend towards smooth, clean lines gathers pace, and short projection toilets are available to get the modern minimalist look now so popular. We have traditional suites which will complement a more traditional style of property and everything in-between.

Whether you're looking to install a downstairs toilet, en-suite, or your main bathroom needs updating, there will be something here that will meet your requirements.

# **MIRRORS & CABINETS**

---

Our new extended range of illuminated and standard mirrors and cabinets will create a feeling of space in any bathroom. With many styles and designs, there's something to suit any home.

Most of our illuminated mirrors and cabinets are IP44 rated and come with the unique Hang 'n' Lock wall mounting system, providing flexibility when changing the level of your product once holes have been drilled.

# **SHOWERING**

In today's manic and pressurised world, spare time is at a premium, and the need to grab a quick shower has never been greater. Meaning your shower cubicle shouldn't be compromised when it comes to looks and quality. With four different styles of tray, five ranges of glass shower screens and many options on the shower itself, you'll find everything you need to create the invigorating shower we all enjoy.

Wetroom style walk-in trays with single sheets of glass have never been more popular. We have a great range of sizes available and whether your idea of style is minimalistic or something a bit different, one of our four types of trays will suit you.

All our 6mm and 8mm shower cubicle ranges come with top quality metal hinges, rollers, handles and easy-clean glass coating for extra luxury. The coating is added to the glass which creates an invisible barrier against bacteria and limescale build up and makes the cleaning process easier.

No matter what type of plumbing system you have, you will find a shower here suitable for all from leading brands such as Inta and our own Technique brand.

# **BATHS**

Baths have come a long way since a steel tub was placed next to a coal fire and are now considered the pinnacle of bathing luxury.

Our Technique range of free standing baths are made to the highest quality. Whether you're looking for an ultra-modern look, a more traditional style or a mixture of both, you'll find something to suit here.

We also have our Technique range of acrylic baths which are available in many shapes and sizes including L & P shape, corner, gripped and plain versions. Available on various models, our exclusive Armatec option provides extra rigidity with a further coating of super-strength fibreglass, meaning you can be sure that your choice will withstand the pressures of the modern bathroom.

We have five different whirlpool options for that extra touch of luxury that will make your bathing experience all the more relaxing.

# ARMATEC

Our **Armatec** baths are made of the highest quality materials providing **strength** and **warmth**.

The baths are reinforced with layers of fibreglass, resin and a special hardening composite called **Armatec** which makes the baths much stronger and improves insulation. As a result, the water stays warm for longer.

The sheet we use is completely resistant to the UV rays which prevents discolouring when exposed to sunlight.

- 1 Acrylic Sheet
- 2 Fibreglass & Resin
- 3 18mm Baseboard
- 4 Armatec

# **TAPS, WASTES & ACCESSORIES**

Possibly the final jewel in the crown when creating the perfect bathroom, taps are probably the first thing noticed when entering a bathroom and the demand for striking designs has not been ignored.

With our Technique range of taps we have a selection which will suit every bathroom from modern mixers to traditional pairs and as most basin monos come with our 'Eco Click' cartridge, your purchase won't cost the earth in more ways than one. A huge variety of square, round, waterfall and traditional styles make up the Technique collection and with the peace of mind 5 year guarantee, you need look no further for the jewel you've been waiting for.

All of our accessories are chrome on brass or stainless steel, ensuring a quality finish and a designer look to complement every bathroom.

# HEATING

Designer radiators have become a huge part of modern living, not just in the bathroom but throughout the home. Here you will find some of the most up-to-date designs to give your bathroom the wow factor you've been looking for and ranges that wouldn't look out of place in any room in the most exclusive penthouses.

With beautiful contemporary and traditional bathroom radiators available, all with matching valves for the finished article, you'll be reluctant to actually put your new radiator into practice and cover it up with a wet towel.

Where space is a concern, we have vertical options available that are ideal for alcoves in living rooms and kitchens as well as bathrooms giving you the heat required without compromise.

# WALL PANELS

Wall panelling has become a modern alternative to tiling. We have one of the most extensive product and colour ranges available on the market with our Technique and Showerwall panels.

Available in various widths, you can create your ideal look in less time and less cost than tiling, without losing any of the appeal of your new bathroom.

Easily fitted over most existing surfaces, including tiles, this waterproof panelling system is elegant and stylish without the fuss.

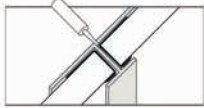

# WALL PANELLING

## TWO STEPS TO CREATE YOUR WATERPROOF SHOWERWALL SYSTEM:

### 1. DECOR - Select your decor from one of our collections

Our new **WBP** (Weather and Boil Proof), **Laminated Plywood** and **PVC Panels** are manufactured with ProClick technology.

### 2. PANEL DETAILS - Square Cut or ProClick

**Square Cut** is a traditional panel and uses a Joining Trim where two or more panels are required side by side.

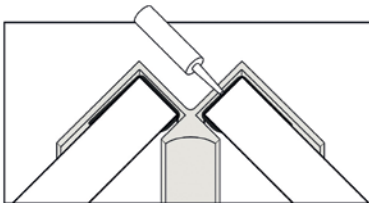

**ProClick** technology has been engineered to create a mechanical locking system that provides seamless, almost invisible joints.

Installation is made easy through the click design which allows panels to be located quickly and easily into place, eliminating the use of joining trims.

### 3. WATERPROOF SYSTEM - Trims and Sureseal

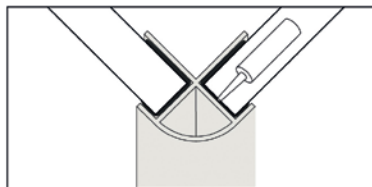

In order to ensure a watertight finish, trims are required for the outer edges of the panels as well as both internal and external corners.

Four trims are available dependant on where you would like to fit our panels. Note: all trims measure 2450mm in length and should be sealed using Showerwall sealant.

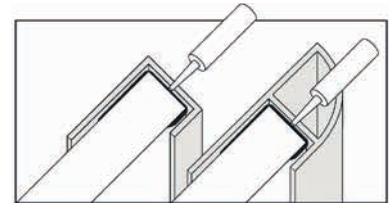

**Internal Corner Trim**

Used on all internal 90° corners.

**External Corner Trim**

Used on all external 90° corners.

**Square and Quadrant End Trims**

Finishing end trims for square cut edge panels.

## SURESEAL

At the base of the PVC or Plywood Showerwall panel, even greater sealing performance is achieved using Sureseal.

This seal ensures four points of cover; made up of an enclosed sealant line protected by a neat trim with both front and end capping.

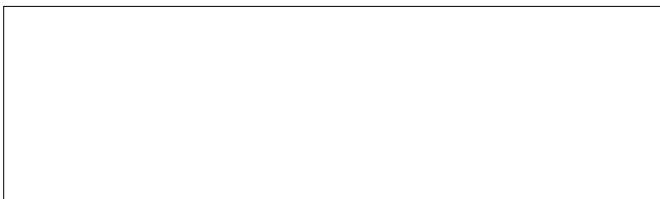

Available to order in Black, White and Satin Silver.

We recommend Showerwall's own brand of adhesive is used for the effective fitting of the product.

Product	Code	Price
350ml Panel Adhesive	<b>WAL020</b>	£29.00
